

We are pleased to present you Croatian co-working and the study visit in Zadar.

The Association of Trades and Crafts - host organisation - organized a visit to Business Incubator and Regional Development Agency of Zadar County, organization established by the local government in order to stimulate and strength local micro and small business. Zadar County Development Agency gave appropriate information regarding economic activities and cooperation among local stakeholders.

Representatives of HUB Zagreb presented their model of co-working ( <http://hubzagreb.tumblr.com/> ).

The HUB is designed to facilitate the creation of sustainable impact through collaboration. Whether you are already working on a concrete project, have the first sparks of an innovative idea or just the intention to contribute your time, energy and talent to make a positive difference, the HUB provides a carefully curretted experience to help take your initiative to the next level. The HUB hosts a variety of events, workshops and innovation labs to foster collaborative learning. Get inspired and connected. The HUB is uniquely designed spaces that offer a creative environment as well as a professional infrastructure to work, meet, learn and connect. They combine the best of a trusted community, business incubator and the comforts of home. The HUB provides a community of like-minded peers, partners and investors who exchange thoughts, build collaborative initiatives and advance their projects. It gathers entrepreneurial people with a common vision for a better world.
